### **Why**

- Pastor Darrell, Lead Pastor of Zion Church Fort Washington, consistently reminds us that “We are to be contributors to the community not just consumers.” This is my way of honoring the conviction of my Lead Pastor and contributing our time, effort, and energy to the community by serving our seniors with helping to rebuild their community garden..
- This form of outreach also gives high school students an opportunity to earn community service hours to meet the requirement set by Prince George’s Public Schools.
- This project is also an opportunity for us to continue to build relationships with one another and connect our faith to the environment while providing a service to the local community.
